

SHENKMAN OPPORTUNISTIC CREDIT TRUST

December 2025

APIR Code: ETL1729AU

The Shenkman Opportunistic Credit Trust (the "Trust") is designed to offer Australian and New Zealand wholesale investors appealing risk-adjusted returns through a value-oriented strategy that concentrates on event-driven situations across the corporate credit spectrum. The Trust aims to achieve low double-digit net returns and targets a quarterly income stream of 6-8% per annum over a complete market cycle.¹

Our Philosophy:

We believe low double-digit returns comprising both capital growth and income with significantly below-equity-market volatility can be achieved across the market cycle by identifying and profiting from mispricing across the corporate credit spectrum. We believe the identification of these opportunities is a combination of a repeatable, proprietary investment process that integrates significant bottom-up research resources within a well-established investment management firm with \$38 billion (USD) in assets and a 40-year track record.

REASONS TO INVEST

- Core Credit Allocation** This Trust can potentially serve as a core component of an investor's **traditional or alternative credit allocation within a multi-asset portfolio**, offering exposure to uncorrelated event-driven opportunities across the credit spectrum.
- Diverse Income** **Six investment themes** provide a diversified portfolio of income-generating opportunities throughout the market cycle.
- Risk-Adjusted Returns** The Trust aims to generate returns similar to equities through performing and stressed credit, with **less than one-third of the volatility**.
- Enhanced Liquidity** The combination of enhanced liquidity and superior returns positions the Trust as a **compelling alternative to private credit**.
- Experience & Scale** This is a unique product that combines an opportunistic credit strategy with the strength of the entire Shenkman investment team and infrastructure, a **platform of approximately \$38 billion (USD)**.

SHENKMAN'S EDGE

- STYLE** Strong emphasis on fundamentals leveraging Shenkman's proprietary, bottom-up credit research process that has been repeated over a 40-year history.
- EXPERIENCE** Our strategy PMs have significant experience managing and trading stressed and distressed credit and have worked together of over 17 years at Shenkman and Goldman Sachs. They have been able to bring their collective knowledge of market structure, restructuring experience and trading acumen to the Shenkman Opportunistic Credit Strategy.
- OWNERSHIP** Shenkman is one of the largest independently owned asset managers focused on the leveraged finance markets.

DIVERSIFIED PORTFOLIO THEMES

Since 2010, Shenkman has been successfully managing Opportunistic Credit portfolios using an event-driven strategy that seeks to generate consistent alpha by profiting from mispricing across the corporate credit spectrum. This includes, stressed, distressed, and performing bonds, loans, convertibles, and reorganized equity. The strategy utilizes six investment themes that provide opportunities for consistent alpha: stressed credit, market transition, catalyst-driven long/short, capital arbitrage, restructuring/deep value, and liquidations.

ABOUT SHENKMAN CAPITAL

Shenkman Capital Management, Inc. ("Shenkman") is an independent investment management organization, founded and registered as an investment adviser with the U.S. Securities and Exchange Commission in 1985. Over the past 40 years, Shenkman has dedicated its investment management services to the leveraged finance market, earning a reputation as a pioneer in the asset class as well as an early practitioner of credit research analytics. We seek to be a world leader in the research and management of leveraged finance investments for allocators focused on high risk adjusted returns. The Shenkman Group of Companies manages approximately \$37.8 billion (USD) of assets* for a predominately institutional client base, with offices located in New York, NY, Stamford, CT, Boca Raton, FL and London, UK.

*As of 31 December 2025. *The Shenkman Group of Companies AUM represents \$34.8bn managed by Shenkman Capital Management Inc. and \$3.1bn managed by Romark Credit Advisors LP and its relying advisors. Assets managed by Shenkman Capital Management, Inc. that are invested in securitization vehicles managed by Romark Credit Advisors LP are included in the AUM of both companies, but are included only once when calculating the AUM of the Shenkman Group. AUM calculations include uncalled commitments and gross assets of securitization vehicles. See disclaimers for additional important information on the Shenkman Group of Companies.

PORTFOLIO MANAGEMENT TEAM

A distinguishing factor is that our Opportunistic Credit team operates within Shenkman's robust \$38 billion (USD) credit platform. This structure integrates our proprietary, bottom-up credit research process honed over a 40-year history, alongside a deep trading team. As a result, we are able to gain access to technical market insights and fundamental credit knowledge to rapidly identify and execute on opportunities.

Clearway Capital Solutions Pty Ltd. (the "Endorser") is not a current client of, or investor in a private fund advised by, Shenkman Capital Management, Inc. (the "Firm") and is receiving cash or non-cash compensation for providing this endorsement. Endorser acts as a non-exclusive solicitor with respect to the introduction to the Firm of certain potential investors in the commingled investment vehicles sponsored or managed by the Firm or its affiliates (each, a "Fund") and potential advisory clients on behalf of which the Firm would manage a separately managed account (each, a "Client"), and, in that capacity, is not acting as investment advisor to prospective investors in the Fund or prospective Clients. Potential investors must make their own investment decisions regarding a potential investment in the Fund and potential Clients must make their own decisions regarding a potential engagement with the Firm. Endorser is not a current advisory client of the Firm. For providing solicitation and other services with respect to certain investors who invest in the Fund or engage the Firm as a Client, Endorser will receive placement fees and other compensation (the "Fees"). Fees include (a) a \$100,000 annual retainer and (b) a fee share on management fee revenue received by the Firm from investors in Funds and Clients from whom the Firm is entitled to a performance fee. If the management fee paid by a Client or an investor in Funds exceeds 75 bps, the management fee share percentage shall be 35%, 30%, 25% and 20% for the first, second, third and fourth years respectively. If the management fee paid by a Client or an investor in Funds exceeds 36 bps but is equal to or lower than 75 bps, the management fee share percentage shall be 25%, 20%, 15% and 10% for the first, second, third and fourth years, respectively. If the management fee paid by a Client or an investor in Funds is equal to or lower than 35 bps, the management fee share percentage shall be 20%, 15%, 10% and 5% for the first, second, third and fourth years, respectively. The Fees will generally continue to be payable during the first four years following the investor's investment in the Fund or engagement of the firm as a Client. With respect to the Shenkman Opportunistic Credit Trust, a management fee share of 15 bps per annum payable for a period of five years. The Endorser's expenses will not be reimbursed without the Firm's consent. The Fees and expenses ultimately will be borne directly or indirectly by the Firm. Therefore, the cost to an investor of an investment in the Fund is not increased by the Fees paid to Endorser. As a result of the Fees, Endorser has a significant economic incentive to solicit investors to invest in the Fund or engage the Firm as a Client, resulting in a material conflict of interest. Endorser also may seek to do business with and earn fees or commissions from affiliates of the Firm, as well as with other third-party fund sponsors that may have similar or different investment objectives from the Fund. Accordingly, potential investors should recognize that Endorser's participation with respect to the introduction to the Firm of certain potential investors in the Funds and potential Clients potentially will be influenced by its interest in such current or future fees and commissions, including differentials in the placement fees that are offered by Endorser or other third party fund sponsors for which Endorser acts as solicitor or placement agent. The Endorser also provides additional services to the Shenkman Opportunistic Credit Fund for cash compensation.
